Rudy Rosciglione

INTERACTIVE DESIGNER & CRAZY UI/UX DESIGNER

I could say that I am a designer, art director, but I'm just a simple person who loves to create, to imagine new concepts of communication and creative solutions to make life easier. An what love above all is to design user interface and play with theirs databases. My curiosity is always awake as my passion for work as team-mate.

Zurich, switzerland   +41 (0)79 348 88 19   rosciglione@me.com

Professional Experience

2008 · Yashow
Co-founder · 1 years · We have created an association with a business model based on events organization in several cities.

2008 · Milk
Founder · 4 months · Just for fun, i did some Tee-shirt design .

2009 · Peexeo®
Art Director Junior · 1 years · This job was my first one. i keep a good souvenirs.

2010 · Freelencer
Art Director Junior · 1 years · I like this kind of job, but on long term it's boring to work alone, and cannot share ideas.

2011 · Doyouswitch
Art Director Junior · 2 months · Maybe the most worse place to work. No work process, no team work. But I met great clients, with whom I worked as independent during few months.

2011 · Paatle
Web & UI/UX Designer · Up to now · Paatle is a social message board for places.

Personnal Projects

The Cops
Action powered on Facebook-platform to help The police in kidnapping. the work was based on geo-localization, and interconnexion.

Magic Alarm
The project starts by the simple idea to share playlists to wake up. So able to be shared, and wake at the same hour with Spotify.

Tourist
The concept could be added to social-platform as Paatle. This service could provide the best quick information based connected Data.

Skills

Software
Adobe Illustrator
Adobe Photoshop
Adobe Dreamweaver
Adobe InDesign
Quark Xpress
Adobe After Effects
iMovie
Garageband
Keynote
Page

Developpement
HTML5
CSS3
Javascript

I learned to code Html & Css alone, also understand how work javacript. I assimilated other languages as: PHP, Actionscript, Ruby on Rails, Objective C. So I'm able to adapt my work-way and the UI/Ux design in the language used.

Why choose me ?

Really passioned by design, fast learning and adaptation. True facility for sharing and collaborating, i love work as strong and trusted team-mate. Great knowledge of the web and its facts, but also a great experience of user experience. i'm always imagine how the web could help everyone, everyday, everywhere.

I'm curious and motivated, young, fresh.
I love my dog.
